

# Freedom Micro<sup>®</sup> HS

Stops Aggressive Theft Attempts

## Reengineered to Protect iPhones.

- **Zero Leverage.** Breakaway stand removes the thieves leverage and protects your fixture.
- **Immediate Audible Alarm.** Time pressure from the first moment.
- **Steel Safety Anchor.** 1,000 pounds of tensile strength cable harnesses iPhones to the Apple branded fixture.
- **Reinforced SteelTether™.** Redesigned SteelTether™ uses would-be thieves' strength against them.
- **Armored Puck.** Puck-to-tether connection withstands smash and grab style theft.

# Patented Freedom Micro® HS Reengineered to Stop Aggressive Theft Attempts

## MTI High-Security Bracket.

14-gauge all-steel bracket to keep your devices secure.

## Freedom Micro® HS Armored Puck.

Reinforced the puck and puck-to-tether connection to stop thieves from smash & grab attempts.

## Reinforced SteelTether™.

Leverages would-be thieves strength—the more they pull the stronger the Freedom Micro® HS fights back.

**VHB Mounting Plate.** Adheres directly to the fixture top & will breakaway quickly to eliminate leverage and protect your fixture.

## Hidden Steel Safety Anchor.

2mm diameter steel aircraft cable with 1,000 pounds of tensile strength.

## Exceptional Customer Experience

- Quick release for fast de-merchandising at night for increased off-hours security.
- Optional lockdown for enhanced security.
- Minimize clutter. One cable delivers it all, Security, Power and Alarm.
- Innovative Spin-and-Secure Design keeps device square, even when tether is locked.
