Operations Log

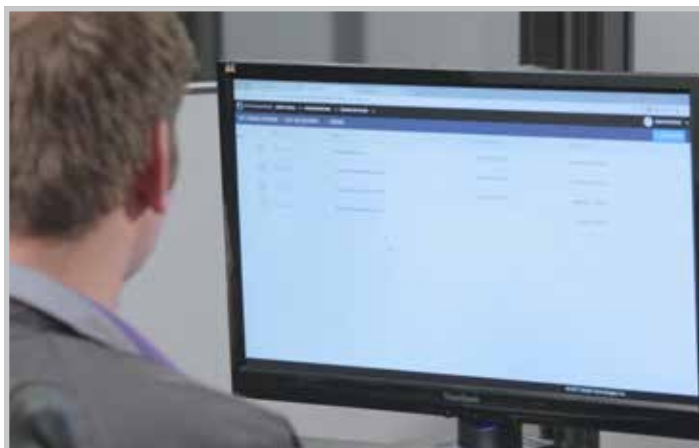

Manage Access, Not Keys

RFID keys are easy to use, low cost, and never need charging. A unique web interface assigns keys to users for forensic reporting and simplified management to create, edit, and delete user access. Open API allows greater control with features like two-factor authentication, integration with enterprise identity management, and time & attendance scheduling systems.

Real Time Visibility & Analytics

RFID locks powered by Connect provides real time status communication and real time user activity, empowering you to monitor inventory and resolve issues instantly. Know when inventory doors and drawers are opened and who accessed them with just a few clicks.

Simplified Operation

Simple yet powerful reporting enables you to analyze your retail operations, optimize staff workflows, and address security concerns. Know instantly if unauthorized individuals are attempting access, gain insights into how long doors are opened, and reduce opportunities for internal and external shrink.

Robust for Retail

RFID locks easily retrofit into most doors, drawers, and glass display cases without modifying your furniture. Web interface allows you to monitor hardware and keep your technology up to date.

Features:

**LOW-COST RFID
KEY TECHNOLOGY**

**AUTO-RELOCKING
/QUICK UNLOCK**

**REAL-TIME
ACCESS CONTROL**

**DURABLE & LONG
LASTING**

**EASY INSTALL
& SETUP**

**ENHANCE CUSTOMER
EXPERIENCE**

Product Specifications:

Attribute	Specification
Color:	Black
Lock Dimensions:	2.32" x 2.32" x.87"
RFID:	125Khz
RFID Access:	RFID Key Card
RFID Range:	30mm
Alarm:	96 db
Operation Temp:	41-95° F
Battery:	CR123A 3V
Cycles Per Battery:	30000+ (1+ Years of use)
Glass Thickness Accommodation:	Thin Glass Door Lock: 3-10mm Thick Glass Door Lock: 10-19mm
Warranty:	2 Years

To Order:

Part	Part Number
Door/Drawer Lock Kit (Lock/Latch, Battery, and User Guide)	185-00426
Thin Glass Door Lock Kit (Lock/Latch, Battery, and User Guide)	185-00427
Thick Glass Door Lock Kit (Lock/Latch, Battery, and User Guide)	185-00428
Lock Key Starter Set (One (1) Authorization Card, Two (2) User Key Cards)	165-00459
Replacement Parts	
Door/Drawer Lock Body	165-00444
Glass Door Lock Body	165-00445
CR123A 3V Lithium Battery	410-00003
Door/Drawer Latch	165-00383
Thin Glass Door Latch (3-10mm)	165-00476
Thick Glass Door Latch (10-19mm)	165-00477
User Key Card Bulk Pack (5)	165-00460
